# Customer Service

Our customer service is here to support you throughout your purchasing and after the products have been delivered. We pride ourselves on our customer - first mentality. We are here for our customers 24/7 and aim to get back to all enquiries within the hour. We have multiple streams of communication to remain dynamic and connected.

Our customer service performance is measured in terms of:

- Quality
- Packaging
- Delivery
- Customer satisfaction

We partner with our customers making their mission ours to ensure the success of projects. We incorporate feedback into how we operate to ensure we respond positively to customers and are continuously improving our business practices, performance and customer service.

# Delivery

Our steel is sourced from international steel mills so delivery times can vary depending on the quantity, product and specifications. We aim to deliver the goods to customers within 30 days of ordering.

time of delivery once we know what your requirements are.

For more information please get in touch. We will be able to give you a more precise
